

Sermon Title: "Brotherly Love"

Date: June 25, 2023 - John 1:35-42

Central Idea: Jesus is the Lamb of God that wants us to follow and see how we can practice our own brotherly love for others. Are you ministering to others or to only your inner circle?

Introduction: While we explore Jesus calling His first disciples there are key takeaways based on what is written and the immediate impact. That impact had it not happened could have altered the way in which Jesus Christ's ministry would have unfolded during and after his death. We are invited to come and see Jesus that transcends our own area. Everything has a connection that in that moment we do not fully understand.

There are three main points to summarize the message of this portion of Scripture:

- 1. Sin's Cost**
- 2. Sought and Found**
- 3. Love**

Conclusion: Andrew and the other disciple showed the way in which we should all try to respond to Jesus and God. We must spread the word to not only our inner circle but to all we interact with. To show people like the 3 circles app which we can easily use to visually explain Gospel to others. You will not always be the harvester, but you can be the planter and water to help them grow.
